MOMENTUM

Engage your customers at scale with AI-powered texting ◯ Clerk Chat

Business communication is no longer tied to a single channel. Customers expect fast, seamless engagement across every touchpoint, and texting is the channel that keeps everything connected.

Momentum Messaging powered by Clerk Chat brings SMS, MMS, and RCS into a single, managed platform with AI automation, deep integrations, and enterprise-grade compliance. Every conversation is trackable, workflows stay in sync, and your team can engage customers instantly at any scale.

Create a smarter, seamless channel that strengthens your omnichannel strategy and lets you connect and engage with customers instantly.

Runs natively with popular business communications platforms

Momentum Messaging extends the apps you already trust with secure, compliant SMS and MMS, so you can reach customers faster while staying protected.

Microsoft Teams
Send and receive SMS inside Teams, right alongside calls, chats, and other key workflows.

webex by CISCO
Extend your Webex environment with SMS for customer conversations, campaigns, and updates.

HIGHLIGHTS

Send instant replies with AI-powered automation and templates

Disclaimer: RCS messaging is available only for approved business use. Campaigns and use cases must meet carrier and industry requirements to ensure compliance and delivery.Additional charges apply

Go beyond the basics with the next generation of AI business texting

CORE SMS & MMS

Everything you expect from SMS, MMS, & RCS, managed in one platform.

Shared phone numbers

Let multiple team members manage conversations from one business number.

Group messaging

Collaborate with customers and teammates in the same thread.

Scheduled SMS & templates

Automate reminders and send fast, consistent replies.

Read receipts & delivery tracking

Confirm when messages land and are seen by customers.

AI-POWERED SMS

Transform your SMS with AI that engages, personalizes, and scales instantly.

AI flows

Automate FAQs, confirmations, and quick replies so customers get answers fast.

Smart workflows

Route conversations to the right team or trigger CRM actions automatically.

Personalization at scale

AI + variables make every message feel natural, not canned.

AI-driven campaigns

Launch promotions, alerts, and updates to thousands in seconds.

Add texting to your business in minutes

Setup is fast, simple, and fully managed. Start sending secure and compliant texts to customers today.
